MAIN PROGRAM ***[45 minutes]***:

The bible is a beautiful book. It is filled with stories of interesting people and events. We as Adventists have grown up with our own perceptions of people in the bible based on how were were taught and our local cultures. We also have perceptions of people and things in everyday life that are based on our experiences. Sometimes we need to pause and consider how much our perceptions affect our understanding of the bible and of people around us.
Sometimes we need to put aside our biases and look at things from the perspective of other people, validated by the word of God. This has the ability to improve our impact on the world as like Paul we become all things to all men.

Today we will consider the perspective of Adventists all across the world, from Jamaica, to Saudi Arabia, to Solomon Islands. All who have contributed to the results in this survey for the question we asked. We also provide biblical answers to many of the question asked.

INSTRUCTION: Choose two groups (Team A and Team B) of 5 people to represent 2 teams. Each person from Team A is asked a question until they make three mistakes or answers all the questions. The questions and points can be passed to Team B if the Team A gets 3 wrong answers and Team B gives the next answer correctly. The turn is then passed to Team B.
