

Vax-Sin-Hate to Operate

There is a Global Pandemic!

An infectious disease is spreading in our world like wild fire. Contrary to popular belief it did not start in a lab in Wuhan China. Neither did it come from people eating bats. However it did originate from a flying creature. Just like a bat, this flying creature loves darkness, and only walks in darkness. It is none other than the fallen angel Lucifer, the source of the Global Pandemic of sin that has been wreaking havoc on the earth for thousands of years.

Humanity got infected with sin because Adam and Eve refused to socially distance themselves from the tree of knowledge of good and evil.

They ate the contaminated fruit of the tree and were poisoned with the plague of sin that came with the side effect of death. Sin was more sinister than they imagined, even though they would die from its effect, their susceptibility to sin would also transfer to their children for hundreds of generations. The daily infections of sin is in the billions and there are tens of thousands of people who die in sin every day.

This is a GLOBAL CRISIS, a GLOBAL PANDEMIC.

Fortunately, at the beginning of time, there was a scientist who foresaw that there could be a possible global pandemic. He went to his laboratory and developed the cure for sin, he then placed the cure in his blood and declared that he was willing to have his hands pierced so that anyone who desired to be saved from the disease of sin would have full access to his cleansing blood. By using the sacrifice of his blood, they will be able to Vax-sin-hate to operate.

Let Us Pray.

There are many who claim that there is no such thing as sin. The whole idea of a global plague is a Scam-demic. A show put on by the church to guilt people into paying tithes and offering. They claim that all the thousands of people dying every day are not dying from sin, they are dying from death. The wages of sin is death is a scare tactic. The church is over inflating the number of broken homes, troubled children, depressed people and the hopeless. Yet there is no slowing down of the growing calamities in human life. The same opponents themselves have been deceived and fallen into the grasp of this plague.

Because many are non-symptomatic in public, it is assumed that they are doing well, when many cry themselves to sleep at night, if they can sleep. One of the biggest side effects of sin is loss of peace. We become blinded to the truth and we lose our taste, our taste for freedom. But Jesus says, come taste and see that the Lord is good.

Jesus offers freedom from the infectious disease of sin. But you must vax-sin-hate to operate.

Jesus comes to us wherever we are. Don't wait for the symptoms to go away, don't try any home remedy, he has the cure. The bible in 1 John 2:15-17 defines Vax sin Hate:

¹⁵ Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him.

¹⁶ For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world.

¹⁷ And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever.

What does it mean to hate sin?

To hate sin is to love God, to love sin is to hate God. To hate God is to hate yourself, because God wants the best for you.

Sin's consequence is not always obvious. Some consequences show up a generation later.

God loves you and we love you also; we want you to live a life of freedom and victory in Jesus. Not a life of loving sin and being knocked down by the consequences for generations to come. Instead, the Lord has promised many blessings to us and our generations if we accept him.

Will you accept him into your heart and your family today?
